Devoted to produce optimum functionality software, which in synergy with the capabilities of users and organizations move them always a step further.
Problem solver, emotional intelligence, active listening, adaptability, team player Analytical experience, persistence, leadership, efficiency working under pressure, responsibility, fast learning, creativity, seek of results and achievements, planning, project control, communication, leadership in software projects.

ACADEMIC TRAINING

- **NATIONAL UNIVERSITY OF COLOMBIA**
  Professional Title: Systems Engineer - 1996
  Degree Project : Wireless remote control based on stored program micro controllers, Object oriented C++ pc software interface. Digital communication.

- **FEUD. DISTRICT UNIVERSITY**
  Big Data & Machine Learning. 2019.

- **ORACLE COLOMBIA**
  OTN Tour Latin America 2013

- **SYSTEMS ENGINEERS COLOMBIAN ASSOCIATION**
  Implementing ERP/CRM on Adempiere. 2011

- **EL TIEMPO PUBLISHING HOUSE**
  Great Cases of Enterprise Success. 2007

- **E.J. KRAUSE & ASSOCIATES INC.**
  II Technologic and Academic Forum. 1998

- **UNIVERSITY OF CALIFORNIA, BERKELEY**
  Management of Information Systems and Technology. 1997

TECHNOLOGIES

- ✓ **ERP ENTERPRISE RESOURCE PLANNING.**
  Ekogui, Muisca, Compiere , Adempiere, Sap, Etb Crm, tronador, alea, acsel, iaxis seguros, SiCapital, Oracle Applications, E-Business Suite.

- ✓ **DATA BASES AND APPLICATION SERVERS**
  Oracle, Postgress, Mysql, SqlServer, Sybase, MongoDb,Tomcat, Jboss, Weblogic.

- ✓ **DEVELOPMENT TOOLS**
  Eclipse, Spring STS, Visual Studio Code, JDeveloper, Netbeans, Forms, Reports, Power Builder, SqlDeveloper, Plsql Developer, Toad, Rational Rose, Subversion, Git, Tortoise, Clear quest, Ant, Maven, Gradle, Sourcetree, Postman, npm, yarn.

- ✓ **PROGRAMING LANGUAGES**
  Java, Javascript, Typescript, Node, Angular, React, jQuery, Python, Html, Css, pl/sql, C++, pro*C, Cobol, pro*Cobol, AQ, xml, xsl, xpath, xslt, dtd, Json, xhtml, Regexp.

- ✓ **FRAMEWORKS**
  Spring, Boot, Django, Nest, Next, Axios, Ajax, j2ee, jee, jse, gwt, zk, servlet, jsp, jsf, Prime Faces, struts, hibernate, patterns, adf.

- ✓ **LIBRARIES**
  iText, JFreeChart, POI, Log4j.

- ✓ **BUSINESS INTELLIGENCE TOOLS**
  Pentaho Etl, Analytics, Data mining and Machine learning. Oracle suite, obi, Bise1, Warehouse builder, Answers, Dashboard, Publisher.

- ✓ **COMMUNICATION PROTOCOLS**
  Rest, Soap, Swagger Rest Api, wsdl, web services, Micro services, soa, tcp/ip, http, rpc, ftp, rmi, corba, dcom, ethernet, token ring, fddi, cdpd, flex;

- ✓ **CONTAINERS AND OPERATING SYSTEMS**
  Docker, Docker-compose, kubernetes, Eureka, zuul, Aws Beanstalk, Rds, S3. Windows, Unix, Ubuntu, Hpux, Linux, Sco, Solaris, Android.

- ✓ **HARDWARE**
  Routers, microwave radios, satellites, digital switching, multiplexing and transmission systems(atm, gsm, dsl, sdh) Samsung Electronics 1997

- ✓ **AUTOMATIC CONTROL**
  On/off, pid, fuzzy, Microcontrollers.

EXPERIENCE

PROYECTO PERSONAL
```
Position    : Software Development Engineer.
Time        : 09-2022  12-2022
Phone       : 57 3042449507
Task        : Development of web site for asset donation, US based company.
Techs       : Nest, Angular 14, Microservices restApi,  VSCode, Postgres, Git,
              Figma.
```

DONORBOX - PROAPP
```
Position    : Software Development Engineer.
Time        : 04-2022  08-2022
Phone       : 57 3124968693
Task        : Development of web site for asset donation, US based company.
Techs       : Ruby/Rails, React 18, Microservices restApi,  VSCode, Postgres, Git,
              Figma.
```

SANCOR - VRP
```
Position    : Software Development Engineer.
Time        : 09-2021  04-2022
Phone       : 54 9 351 7507299
Task        : Development and maintenance for Fluir Health System. Modifications
              on rehabilitation of users, family groups, payments history, reasons for
              suspension, alerts and CRM movements.
Techs       : Java 14, Spring boot, Python, Django, Angular 10, Node 10,
              Javascript Microservicios restApi,  VSCode, Eclipse, SourceTree, DB2
              Datastudio, Git.
```

ANDJE - GOVERNMENT AGENCY FOR LEGAL AFFAIRS
```
Position    : Software Development Engineer.
Time        : 07-2021  12-2021
Phone       : 6017470777
Task        : Development and maintenance for Ekogui legal system. Law process
              creation and modification. Correction in menu Hierarchy, Correction in
              lists of values according to roles and profiles, Correction on list of
              lawyers not showing for reassignment of process, follow up of process
              with data inconsistency, correction of jasper repost showing incorrect
              assigned lawyer
Techs       : Java 14, Spring boot, Python, Django, Angular Js, Angular 4, Angular
              8, React 16, Node 10, Javascript, InteliJ, Jasper Reports, Sql Server,
              DBeaver, Git.
```

PRAXIS - FAMISANAR.
```
Position    : Software Development Engineer.
Time        : 08-2020  12-2020
Phone       : 7424287
Task        : Development of modifications for Health Erp. Complementary
              attention plan.
Techs       : java 1.8, Angular 4, Node 8, Jsp, Jasper Reports Oracle, Git.
```

ADA – GOBERNACION ANTIOQUIA.
Position   : Software Development Engineer.
Time   : 05-2020 07-2020
Phone   : 4432461
Task   : Scope Problem solution for a real state application with Gis Geographic information.
Techs   : java 1.8,Spring boot, Angular 8, Node 10, ArcGis, Oracle 12, Git.

DIAN. GOVERNMENT INTERNAL REVENUE SERVICES.
Position   : Software Development Engineer.
Time   : 01-2019 12-2019
Phone   : 6079999
Task   : Development of Muisca Erp requirements. Rut, Intelligence and external information Modules.
Techs   : Oracle, jboss, java 1.6, Javascript, Spring boot, Python, Django, Pentaho, Google Cloud, Git.

LA SALLE TECH SCHOOL
Position   : Software Development Engineer.
Time   : 03-2017 12-2018
Phone   : 3443000
Task   : Development of academic module. Student, programs, plans, scores, etc. Plugged to Adempiere ERP.
Techs   : java 1.6, ZK, Postgres 9.2, tomcat, jasper reports 5, Git.

GOVERNMENT UTILITIES AFFAIRS AGENCY
Position   : Software Development Engineer.
Time   : 06-2016 12-2016
Phone   : 6913005
Task   : Development of correction requirement for html to pdf conversion routines in an Alfresco Documents server extensions. Modification of dependency injection files and beans.
Techs   : Eclipse, Faces, spring, JQuery, hibernate, jBoss, Oracle, Git.

GOVERNMENT MINING AGENCY - UNBIT
Position   : Software Development Engineer.
Time   : 08-2015 01-2016
Phone   : 2357121
Task   : Development of online payments module PSE. Refactoring of area certificate source code. Connection to geographic database ArcGis, use of ArcMap Objects.
Techs   : Eclipse, Java, Faces, Spring, Hibernate, jBoss, Oracle, Git.

BANK OF BOGOTA – TGO
Position   : Software Development Engineer.
Time   : 02-2015 06-2015
Phone   : 4672796

Task	: Development of graphical interface and plsql procedures for accounting consolidation module. National to international reporting standards migration to SAP.
Techs	: Jdeveloper, Java, Javascript, SqlDeveloper Weblogic, Oracle.

GOVERNMENT DEFENSE MINISTRY – COMPLEMENTO 360

Position	: Software Development Engineer.
Time	: 06-2014 10-2014
Phone	: 4884968
Task	: Development of new requirements for Payroll and Human talent management system. Development of template screen for communications Indicators.
Techs	: Oracle Forms 10g, NetBeans, Java, Prime Faces, Hibernate, sqlDeveloper

BOLIVAR INSURANSE - GML

Position	: Software Development Engineer.
Time	: 02-2014 05-2014
Phone	: 3000970
Task	: Risk management system development for insurance personalized offer to clients.
Techs	: Java, Javascript, JQuery, Mysql. Netbeans, Weblogic, Spring Hibernate. SqlDeveloper.

DISTANCE UNIVERSITY - GTS

Position	: Software Development Engineer.
Time	: 08-2013 01-2014
Phone	: 5932200
Task	: Development of contracts module for SiCapital ERP. Modification of mail notification system to deliver more than one file.
Techs	: Oracle DB, Forms 10, Reports.

LIBERTY INSURANCE - CSI

Position	: Software Development Engineer.
Time	: 11-2012 06-2013
Phone	: 214 3021
Task	: Development of new requirements for iAxis insurance application.
Techs	: Oracle, Java, Javascript, Jquery, Ajax, jDeveloper 12.

CLARO - TECHCREA

Position	: Software Development Engineer.
Time	: 07-2012 11-2012
Phone	: 742 3366
Task	: Tuning and refactoring of application for mass prepaid recharges in mobile telephony company.
Techs	: Oracle db. Java, Javascript, Prime faces.

BBVA INSURANCE - GLOKAL

Position	: Software Development Engineer.
Time	: 02-2012 07-2012

Phone   : 6000022
Task   : Tuning and optimization of java db application. Query analysis, index creation. Insurance company FrontWeb. Analysis of migration process to AXELX application.
Techs   : Java, GWT, Oracle DB, TOAD.

ADAXA - GLOBAL QSS
Position : Software Development Engineer.
Time   : 07-2011 01-2012
Phone   : 7020208
Task   : Development and maintenance on new requirements for COMPIERE and ADEMPIERE open source ERP, Accounts payable, receivable, and ABC inventory modules.
Techs   : Eclipse, Java jee, GWT, Oracle, Xml, Maven, Jenkins, Kanban, Ubuntu.

SANITAS - SYSCOM
Position : Software Development Engineer.
Time   : 03-2010 01-2011
Phone   : 6466060
Task   : Development and maintenance of ALEA application for Health sector company, synchronization of data transactions towards other apps.
Techs   : Oracle Forms, Oracle Reports, Pro*c, Plsqldeveloper.

ETB - OESIA
Position : Software Development Engineer.
Time   : 10-2009 02-2010
Phone   : 5300770
Task   : Development and maintenance of SGS crm system for communication company, optimization /Tuning querys and db code.
Techs   : Oracle forms, Plsql, Oracle DB, Sql*plus.

MAPFRE INSURANCE - ALIADOS
Position : Software Development Engineer
Time   : 05-2009 07-2009
Phone   : 7423174
Task   : Development of tax Reports required by government. Insurance company.
Techs   : Oracle pl/sql Developer.

CNT SISTEMAS
Position : Software Development Engineer.
Time   : 11-2008 01-2009
Phone   : 6044848
Task   : Migration of data and code from microsoft DB to Oracle. Health sector company.
Techs   : Oracle database, SqlDeveloper, Migration Workbench.

ECOPETROL - LATINOBI
Position : Software Development Engineer.

Time   : 08-2008 11-2008
Phone   : 236 7921
Task   : Development of datawarehouse and business intelligence system in oil sector company.
Techs   : Owb warehouse builder, Bise1, Admin, Answers, Dashboard, Publisher.

ESTRATEGIAS EN VALORES
Position   : Software Development Engineer.
Time   : 03-2008 07-2008
Phone   : 651 0843
Task   : Development of collections and invoice system for cooperative company.
Techs   : Jdeveloper, j2ee, jee, faces, pl/sql, html, ajax, tomcat.

BANK CAJA SOCIAL - SOPHOS
Position   : Software Development Engineer.
Time   : 04-2007 11-2007
Phone   : 212 0600
Task   : Development of new requirents, grace and freeze period for a banking system.
Techs   : Oracle Pl/sql, pro*Cobol, pro*c, unix shells, awk.

GREENTECH – PALACIO DE HIERRO
Position   : Software Development Engineer.
Time   : 11-2006 05-2007
Phone   : 626 2451
Task   : Development of new bonus points requirement in a credit card system, generation of persistence core based on system tables.
Techs   : Oracle, Forms, Pl/sql, Plsqldeveloper.

SAGEM - PRODUCTIVIDAD EMPRESARIAL
Position   : Software Development Engineer
Time   : 05-2006 11-2006
Phone   : 345 8077
Task   : Development of new requirements for a fingerprint and biometrics system. Paris France based company.
Techs   : C++, Sybase.

ALLIANZ INSURANCE - INFORMÁTICA SIGLO 21
Position   : Software Development Engineer.
Time   : 04-2004 04-2005
Phone   : 288 9480
Task   : Development of OWB mappings, transformations and work flows for data migration to a unified oracle system for insurance company.
Techs   : Oracle Database, Warehouse Builder, sql*plus.

INCODER - INFOGROUP
Position   : Software Development Engineer.
Time   : 07-2003 12-2003
Phone   : 236 5643

Task   : Development of system for agricultural projects system in
               government sector.
Techs   : Java, Jdeveloper 9i, j2ee, jsp, bc4j.

AVANTEL - STEFANINI
Position   : Software Development Engineer.
Time   : 02-2003 05-2003
Phone   : 3178686
Task   : Development of a datawarehouse for mobile telephony company.
Techs   : pl/sql, intensive use of pl/sql collections, Jdeveloper, bi beans,
               discoverer.

ETB - SCSI
Position   : Software Development Engineer.
Time   : 05-2002 09-2002
Phone   : 691 1766
Task   : Development of a system for client information cleansing and
               removal of data inconsistencies in a communication company.
Techs   : Oracle DB, Developer 6i, sql*plus, Jdeveloper.

SOFTBOLIVAR - SOFTMANAGEMENT
Position   : Software Development Engineer.
Time   : 07-2001 02-2002
Phone   : 212 0441
Task   : Migration and development of a Payroll system from character unix
               mode to windows.
Techs   : Oracle DB, Developer 6i, sql*plus, Jdeveloper.

PROQUINAL
Position   : Software Development Engineer.
Time   : 02-1999 11-2000
Phone   : 241 7800
Task   : Migration from Cobol, development, implementation and
               maintenance of collections and budget system in industrial company.
Techs   : Oracle DB, designer/developer, sql*plus, pro*C++.

FUNDACION SOCIAL - ALFAGL
Position   : Software Development Engineer.
Time   : 05-1998 09-1998
Phone   : 237 33732
Task   : Development and maintenance for a financial investment portfolio
               system.
Techs   : Oracle DB, designer/developer/2000, sql*plus.

HEINSOHN
Position   : Software Development Engineer.
Time   : 08-1997 11-1997
Phone   : 633 7070
Task   : Development of server side software for a financial investment
               portfolio system.

Techs   : Oracle DB, Designer/2000, sql*plus.

⬇ INTERNACIONAL DE VEHICULOS - INDUDATA

Position   : Software Development Engineer.
Time   : 07-1996 07-1997
Phone   : 621 0070
Task   : Development of automatic task assignment and to-do systems for a General Motors Workshop.
Techs   : Raima DB, PowerBuilder, Rational Rose Case.
